To Whom It May Concern,

I, the undersigned on behalf of Puttinu Cares Foundation, hereby authorise Mr Joseph Spiteri to raise funds in aid of Puttinu through the sale of his book *Too Much Laughter Once You Cry*.

Puttinu Cares is a voluntary non-profit organisation dedicated to supporting patients and their families who require medical treatment abroad, particularly in the United Kingdom. The Foundation provides accommodation, assistance, and continuous support during what is often a very difficult and emotional journey.

Every month, between 60 and 90 patients travel to England for medical care, and Puttinu strives to never turn anyone away. Through the generosity of the Maltese and Gozitan public, the Foundation has been able to offer free accommodation to patients and their families, easing both the financial and emotional burden associated with treatment overseas. Currently, Puttinu Cares operates 20 apartments in Sutton, which over the years have hosted hundreds of families. In addition, a new project is underway in Central London, where 29 new apartments are being developed.

Once completed, the Foundation will have a total of 49 apartments dedicated entirely to supporting patients in need. Through its initiatives and continuous fundraising efforts, Puttinu Cares remains committed to offering hope, dignity, and support to those facing serious illness.

We fully support Mr Spiteri's initiative and sincerely appreciate his contribution towards raising funds and awareness for this important cause.

Yours sincerely,

Rennie Zerafa
